Analysis on Compilation of industry Content of Yearbook of National-level Economic-technological Development Zone

——The case of study on five yearbooks of National-level Economic-technological Development Zone *Jin Gang*(22)

Industry content plays a major role in the compilation of yearbook of National-level Economic-technological Development Zone. By analyzing the five yearbooks of National-level Economic-technological Development Zone in Beijing, Tianjin, Suzhou, Ganzhou and Weihai, the following characteristics are found in yearbook compilation of National-level Economic-technological Development Zone. First, the account of industrial content in the yearbooks is direct or indirect. Second, the document is from National Bureau of Statistics or local government, and the solicit contributions of yearbook and the needs of compilation are considered. Third, the account forms are diversified, direct account of industry content in framework design has a large proportion. Fourth, attracting investment or industrial park can be a supplement in material selection and the compilation of items highlights industrial activities. The main problems are inadequacies of framework design, material selection, items compilation and charts and pictures. We should strengthen the guiding role of the theoretical research in the compilation of industrial content of the yearbook, add industrial content in the yearbook framework design, strengthen the standardization of the compilation of industrial content, highlight innovative style of the compilation of industrial content, so as to improve the quality of yearbook compilation of industrial content of the National-level Economic -technological Development Zone.

Study on Automated Process of Thousands Separator of Yearbook

..... *Zhou Dandan*(29)

Using computer technology to process the digital information of the yearbook is an issue worthy

of discussion. By using computer technology to process the edition of thousands separator of yearbook, Chengdu Yearbook Agency achieved its aims of raising editing efficiency, reducing editing errors and lightening staffs' burden. Based on the regulatory requirements, this procedure takes Word or WPS documents as materials, uses the C Programming Language to process digital information, and has advantage of processing quickly, automatically and accurately. It can greatly reduce the pressure of manual processing of information; support later proofreading and draw lessons for information and intellectualized application scenarios of the publication of yearbook.

On Improving the Quality of Yearbook Compilation by Reading Fine Yearbooks

..... *Li Zhongshuang*(36)

It is important to grasp the compilation concept, framework design, data selection, content arrangement, writing style and opinion expression in reading the fine yearbooks. By reading fine yearbooks, we should make clear the direction of work, follow the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, use its stance, viewpoint and methodology to observe, grasp, record, eulogize and serve the new era, promote a national spirit to which patriotism is central, take patriotism as the main theme of “yearbook of the new era”, give full play to its functions of keeping history for the historical reference, aiding the Government and educating people, carry on and promote a spirit of the times centered on reform and innovation, apply a new philosophy of innovative, emphasize the importance of quality comes first, uphold the pioneering spirit and innovation throughout the process of the work of yearbook and local chronicles, and continuously promote high-quality innovative development of the yearbook.

Study on Practice of Entry Setting of Local Comprehensive Yearbook

——A case of industry catalogue of *Lianyungang Yearbook* (2019)

..... *Cui Zhen*(44)

The key of entry setting in local comprehensive yearbook is how to balance the comprehensive entry, comprehensive account entry and single entry. In entry setting, *Lianyungang Yearbook* (2019) mixes the comprehensive, account and single entry together, and balances the settings of point, line and plane. However, there are also some problems in entry setting, such as inadequate

implementation of the setting principles, incomplete account of the comprehensive entry, unequal in amount of the comprehensive account entry and inaccurate setting of single entry. In local comprehensive yearbooks, there should be comprehensive entry, comprehensive account entry and single entry, which should be compiled from a different perspective and balances the point, line and plane of content and data, make the yearbook entries serve the content.

Learn from Fine Yearbooks and Promote High-quality Development

..... *Feng Jinsheng*(52)

High-quality development is the top priority of building China into a modern socialist country in all respects. Compilation of local comprehensive yearbook should carefully learn and carry out the spirit of the 20th CPC National Congress, according to the overall arrangements for implementing the quality power strategy and promote high-quality development of the yearbook. We should benefit from the successful experiences of select yearbooks, adhere to the correct guiding ideology, reflect good leadership of the CPC, ensure that mainstream values prevail, fully document basic information about the administrative region, reflect the great achievements in carrying out the reform and opening up policy and in the socialist modernization drive. In compiling yearbook, it is necessary that uphold fundamental principles and break new ground, compile with greater perfection, highlight the particular features of the era, local and annual characteristics, adhere to putting people first, civilize the people through cultural development function to document historical records and draw on the lessons of history. We should make efforts to improve the compilation quality of the yearbook, publish more fine yearbooks, save classic works, give full play to the role of yearbook in building a socialist modern country in all respects and advancing the great rejuvenation of the Chinese nation on all fronts.

Planning and Arrangement of Frontispiece of Yearbook *Lan Biru*(60)

Frontispiece is in “top” in the arrangement of yearbook. It is a window for readers to browse and consult a yearbook, a picture cluster which comprehensively, intensively and deeply present the

annual major themes. The frontispiece can reflect history visually and vividly, which highlights the “individuality” of a yearbook and plays an important role in preserving history. To optimize the setting of frontispiece is necessary for yearbook innovation and compiling fine yearbook. At present, there are some problems in the setting of special pictures. In the planning of topic selection, we should pay attention to the overall situation, grasp the general trend, focus on major events, select pictures that are authentic, valuable, conducive to layout and inspiring, process the pictures carefully, pay more attention on caption, and enhance the overall quality comprehensively.

Development, Characteristics and values of Beijing Yearbook During the Period of the Republic of China

——A case of Beijing (Peiping) Yearbook preserved in National Library

..... *Gao Xiaoxiao, Chen Ming, Liu Yue*(67)

During the late Qing Dynasty and the early Republic of China, western learning became popular in the east, and statistical yearbook from the west was introduced into China and became popular in government, educational and industrial circles. Accordingly, the yearbook of China was in the start-up period. After that, China Yearbook developed very quickly and government, publisher, educational and research institution published yearbooks, which fostered a wide diversity of yearbooks. However, from the outbreak of the Anti-Japanese War in 1937 to 1949, the bad situation hindered and depressed the development of China yearbooks. During the Republic of China, Beijing (Peiping) followed the trend and created dozens of yearbooks, which played a major role in the history of the yearbook in China. Taking the Beijing (Peiping) Yearbook preserved in National Library as objects of research, the author describes the process of Beijing Yearbook in the republic of China, characterizes Beijing Yearbook from publisher, funding source, editorial layout and content, and values the Beijing Yearbook from evolution research, quantitative research, regulatory research and industry research. This paper tries to explore the research and innovation transformation of yearbooks in the Republic of China, and provides useful reference to data collection, preservation, and development and utilization of contemporary yearbooks.
